

/home/jr/Code/GitHub
/Luna/include/lexer.h

```
graph TD; A["/home/jr/Code/GitHub  
/Luna/include/lexer.h"] --> B["ctype.h"]; A --> C["stdbool.h"]; A --> D["stdio.h"];
```

A diagram showing the include dependencies of the file `/home/jr/Code/GitHub/Luna/include/lexer.h`. The top box, which is dark gray, contains the file path. Three blue arrows point downwards from this box to three separate light gray boxes below it. These boxes contain the names of the header files being included: `ctype.h`, `stdbool.h`, and `stdio.h`.
